MULTI-AWARD WINNING PROVIDERS

IMPORTANT INFORMATION ABOUT YOUR PRODUCT

Here at Autoguard Warranties our goal is to ensure you make the most of your products and have peace of mind. So, whether you're a novice or an expert in motoring, we've put together the following key points so you always know what to expect.

The vehicle must have a valid MOT, tax and insurance at all times for the duration of the contract, failure to do so may lead to an unsuccessful claim.

SERVICE HISTORY

One of the main reasons for a rejected claim is lack of or gaps in service history. We cannot stress enough the importance of following the service requirements of your vehicle. All servicing must be carried out at a VAT registered garage.

More info on servicing can be located on page 6

WEAR & TEAR

Vehicle wear and tear is something that is simply unavoidable. Many moving parts and factors such as age and mileage mean naturally things start to degrade over time. However, we cannot and do not cover it all.

Please refer to page 10 to read more about wear and tear and exclusions of this product if applicable.

COSTS

It is a requirement of the contract to get authorisation from us first before getting the vehicle repaired. Ensure you also check your agreed labour rate as going above this means you will foot the bill for the difference.

More details can be found on page 5

VAT REGISTERED REPAIRERS

It is required that you always use a VAT registered garage or repairer so that there is clear audit trail. This not only safeguards you as our valued customer, but us too as a business that prides itself on integrity and transparency. Not using a VAT registered garage or repairer makes it much harder for us to establish that the correct work has been done to your vehicle, with the correct parts and genuine hours of labour.

EXCLUDED COMPONENTS AND FAILURES

Excluded components

Please read page 10 for a full list of all excluded components.

- For example:
- Brake callipers and calliper motors
 - Wiring and electrical connections
 - All internal and external lamps and LEDs

Excluded failures

Please read page 10 for a full list of all excluded failures.

- For example:
- Wear
 - Fluid Leaks
 - Seals/Gaskets
 - Corrosion

HOW TO MAKE A REPAIR REQUEST

If you consider you have a repair request DO NOT proceed with repairs until the repair request has been approved.

If the vehicle shows signs of an imminent failure, DO NOT continue to use it. This may aggravate the problem and cause greater damage for which we will not be liable. Your repairer must find the cause of the problem and verify if it is covered by the service contract. We will not pay for any stripping down of the vehicle or parts to determine the cause of the failure unless we accept the repair request. The most we will pay in total is restricted to the repair request limit as noted on the agreement form for a single repair request and up to the vehicle purchase price in total.

Please note: Your repairer must be VAT registered.

1. Your repairer must telephone the Claims Department on 03432 271 499. At that time the following information will be required:
Service contract number
Service contract holder's name
Current mileage
Nature of repair request
Total cost
Service history (if applicable)
2. If the failed component is listed under this service contract you must obtain authority from the claims department before commencing any repairs.
Admission of liability is conditional on the terms and conditions of this service contract being adhered to, for example, servicing.

PAYMENT OF REPAIR REQUESTS

Once all supporting documents are received the administrator will reimburse you or the repairer, subject to the terms and conditions of the service contract. If a balance is due, you must pay it direct to the repairer.

Please Note: Repair requests are paid by bank transfer to the agreed payee so please include your bank details when sending in your documents.

Please Note: Repair request documentation must be received by the Claims Department within 7 days of completion of repairs, otherwise they cannot be accepted. Repair requests received beyond this date will be subject to review in terms of the reason for delay and it shall be at the discretion of the company to accept such repair requests. VAT on repairs covered by the service contract is not reimbursed where you are VAT registered.

3. On receipt of any supporting service invoices (where required), we may approve repairs immediately or alternatively: call for other estimates; nominate another repairer; investigate the repair request further; request other forms of supporting evidence e.g. photo/video; or appoint an independent assessor to inspect the vehicle and or failed components.
4. When repairs are approved a repair request number will be issued for the repairs to be carried out, along with a repair request form to be signed and dated by the service contract holder.
5. On completion of the repairs, send the following documents to the administrator at the address on page 3 of this service contract:
 - a. The repairer's VAT invoice, which must quote the repair request number, vehicle details, failure mileage and details of who to pay.
 - b. Supporting documentation as requested by the repair request adviser such as the signed repair request form and proof of payment for the repair.

The administrator's working hours are 9am – 5pm, Monday to Friday, excluding bank/ public holidays. Telephone calls may be recorded for the purpose of staff training and improving customer service.

IMPORTANT NOTE

You are covered only for the parts described in this service contract.

You are covered up to the repair request limits shown on the agreement form or any lower limit that may be specified within this service contract.

We may insist that your repairer use exchanged or reconditioned parts to effect a repair.

If the part to be replaced has some wear or the part improves the general condition or value of the vehicle, you may be required to pay a specified amount towards the improvement. Please refer to the betterment section of your service contract under the terms and conditions section.

The administrator cannot agree to any repair request without providing a repair request number. The repairer should not start any repairs without this number. Please quote your repair request number every time you contact us about your repair request and make sure the repairer includes this number on his invoice.
